CEORGE CHRISTY AND WOOD'S MINSTRELS WISH to impart to the public as interesting fact. Time was when George Christy received "about \$25,000 for two years' services." "Ma conshense!" exclaims some astonished tiped; but "hold your horses!" Time is, at present, when George Christy, at \$464 Broadway, receives within a fraction of \$7,000 for only three mouths services, at which rate his pay, for two years, would amount to nearly fifty-six thousand collars, \$65,000." Will young men, who are making a fortune for others, make a note of this?

their performances; but if it were announced that their
house was to close, if only for one night that would be luged with remonstrances from pleasure seekers in conse-quence. This it is to be popular.
